What is Remind and why is it safe?

Remind is a simple way for you to stay informed and up-to-date with what is happening. By joining a class set up by a teacher/administrator on Remind, you’re choosing to receive class/athletic messages via push notifications, SMS, or email. Remind is a one-way messaging and email system. With Remind, all personal information remains completely confidential. Teachers/Administrators will never see your phone number, nor will you ever see theirs.
