As school foodservice programs move to return to normal service and menus, we are facing unprecedented issues with the nationwide food supply chain that will cause us to alter our posted menus with little to no notices. We are working closely with our distributors and manufacturers to secure both the food and supply items need to support our program.

While it is our intention to serve the posted menu each day at every school, supply issues may not make this possible on any given day until nationwide food supply chain issues are rectified. We will always attempt to substitute the scheduled menu item with another that is similar as possible to the extent we are able to do so. Please know that we will always provide wholesome meals each day.
