

Check Lunch Off The List

We are pleased to inform you Birmingham Public Schools will be participating in the Seamless Summer Option as part of the National School Lunch and School Breakfast Programs for the 2021-2022 School Year.

The GREAT NEWS is that ALL students enrolled at Birmingham Public Schools can receive a healthy lunch and breakfast at NO CHARGE!

FREE Meals For All!

Your student can receive 1 lunch each day at no cost. Your student must get the entrée with a fruit and/or vegetable in order to qualify for a free meal.

Limit of one free lunch per student; additional meals can be purchased. Snacks and beverages will be available for purchase this year at our secondary schools.

Peace of Mind

- ✓ Breakfast & Lunch at NO COST
- ✓ Healthy & delicious meals
- ✓ Convenient meals
- ✓ Health & safety protocols in ALL KITCHENS

Free & Reduced Applications

While all meals are free, we still need your household to fill out and sign the Free and Reduced-Price Meal Application. This information is critical in determining the amount of money that our school receives from a variety of State and Federal supplemental programs like Title I A, At-risk (31a), Title II A, E-Rate, etc. These supplemental programs have the potential to offer supports and services for our students including, but not limited to:

- ✔ Instructional supports (supplies & materials, etc.)
- ✔ Non-instructional services (counseling, social work, health services, etc.)
- ✔ Technology
- ✔ Professional Learning for Staff

We are asking that you please complete and submit it as soon as possible to ensure that additional funding for our school is available to meet the needs of our students. Applications can be completed at:

www.lunchapp.com

Menus for the 2021 – 2022 School Year

We are making menus more available and informational by using Nutrislice to publish the school menus to a new interactive website and a free Smartphone app. You can also view images, nutrition information, filter for specific food allergens, see carb counts, and more!

Go to <http://birmingham.nutrislice.com> or get the app, Nutrislice, from the App Store or Google Play. A print friendly copy of our menus can still be found on the Birmingham Public Schools website under the Menus Quick Link.

BPS Water Remediation

Due to the ongoing water remediation happening throughout Birmingham Public Schools, we are unable to publish our menus until we receive our summer 2021 water sample test results.

Legionella in the water prevents our kitchens from being able to wash produce, pots, pans, knives, etc., and therefore, we're unable to prepare and/or serve hot food for the safety of our students and staff.

Menus will be available as soon as water test results become available.

Negative Lunch Accounts

Although one lunch is free daily for each student, negative lunch accounts are still possible as students can purchase additional meals, snacks, and beverages.

Parents will be notified by email that their student lunch account has a negative balance and that the balance needs to be paid in full via www.SendMoneyToSchool.com
