

Dear Beverly Families,

I hope all of you are enjoying this first week of summer vacation with your children. Beverly sure is quiet as we wrap up the school year, and begin to look forward with great excitement for the 2021-2022 School year. You will notice this E News is much shorter, just a few reminders regarding report cards/NWEA reports, school supply kits for the 2021-2022 school year, and the summer meal pick-up information.

The district NWEA scores will be coming home to you through the U.S. mail with your child's report card on June 18. All students, including our BVA students will be receiving these letters with their scores. Our BVA students' scores may have the school name where their BVA teacher is assigned. i.e. BVA teacher from Greenfield will say your child's school is at Greenfield.

Attached to this email, you will find a [letter](#) regarding this test and how BPS is adhering to the Return to Learn Act that was passed by the legislature last August. In addition, there is a link to Family Guide to assist with understanding the NWEA scores.

Also, please note student report cards can be viewed online, they will be available starting Friday, June 18th at 4:00 pm, and will remain available for two weeks, closing at 8:00 am on July 6th. Please use the Power School account that you set up. **You will need to use a computer to access this portal. The mobile app will not work to view the report card.**

Thank you again for your dedication and support this school year.

Have a wonderful day,

Kimberly Vigneron
